(ADV) Gain knowledge of updates to the 2020 Florida Building Code 7th Edition Building, Residential, and Existing Building code requirements for roof coverings, noting changes from the 2017 Florida Building Code 6th Edition. Learn about ASCE 7-16 and how it effects the roofing portions of the code. Roofing related language inserted into the base code from the 2018 International Building Code will also be covered.

SEMINAR #2 / 10:00 AM - 11:00 AM

CRITICAL CONTRACT PROVISIONS Cotney Construction Law

CILB-0613261

(BSP) Delve into an overview of critical construction contracts. Explore contract formation and pertinent construction contract provisions that contractors and subcontractors should include in their contracts.

SEMINAR #3 / 11:10 AM - 12:10 PM

LICENSING AND MBE/WBE REQUIREMENTS / Cotney Construction Law

CILB-0613263

(L&R) Discover the laws, rules, and regulations governing construction contractors in Florida, and learn the requirements for minority business enterprises (MBE) and women business enterprises (WBE).

SEMINAR #4 / 1:00 PM - 3:00 PM

SOLAR ROOFING CODES & BEST PRACTICES / Susan Stark

CILB-0613318

(G) Explore the Florida Code requirements pertaining to Solar PV mounting, flashing, and racking. You will leave with an understanding of Solar PV Codes, Standards and Best Practices, relating specifically to Florida Building Code and typical Florida roof systems. Code-based plan set review and inspection criteria will also be provided.
