Industry Excellence through Education

FRSA Earl Blank Faculty Fellowship

- 2012 Professor Mick Richmond – “Comparison of Strategies for Mitigating Radiant Heat Transmission through Roof Assemblies”
- 2011 Glenn A. Acomb – “Green Roof Course Technology Enhancements, Research and Mitigation to Distance Learning”.
- 2010-2011 Dr. Jim Sullivan - \$8,500 “Rebuild Together North Central Florida”
- 2009-2010 Bradley Walters, AIA - \$8,500 “Designing Metal Roof/Wall Assemblies from the Inside Out”
- 2008-2009 Ruth Ron - \$8,500 “Using Advanced Digital Design Tools to Explore New Possibilities in Metal Roof Construction”
- 2006-2007 Kevin Grosskopf - \$8,500 “Teaching Module on Hurricane Resistant Roofing Systems in Florida”
- 2004-2005 Richard Smailes, PhD - \$8,500 “Training Module on Roofing”
- 2003-2004 Kevin Grosskopf - \$8,500 “Moisture Control in Building Design and Construction” and Tony White and Gail Hansen - \$8,500 “Green Roof Systems”
- 2002-2003 Dennis Fukai – “Design-Build Challenge Communication between Design and Construction” and John Maze, “Rainfall Simulation”
- 2001-2002 Paul Oppenheim - \$8,500 "Mechanical and Electrical Space Requirements for Commercial Buildings: A Seminar for Architectural Students and Practitioners"
- 2000-2001 Donna Cohen – “Analysis of Roofs of Alvar Aalto” and Ira Winarski - “Sustainable Wind Design Qualities of Roof Assemblies”
- 1999-2000 Michael Kuenstle – “Virtual Wind Tunnel”
- 1998-1999 Dr. Dennis Fukai – “Trainer”
- 1997-1998 Robert Pohlman “Manufactured Home – A Vehicle for Describing a Construction Process”
